

Focus Group Consent Form

I _____ (Print Name) agree to participate in the Wind Value research study.

The purpose and nature of the study has been explained to me in writing.

I am participating voluntarily.

I give permission for my focus group with Wind Value researchers to be audio-recorded.

I understand that I can withdraw permission to use my data within a month of the focus group, in which case researchers will re-write the information taken from the focus group recording and attempt to remove my contribution. I acknowledge that this may not be entirely possible as it may prove impossible to identify my contribution to the discussion.

I understand that data from fellow participants in the focus group will be retained.

I understand that anonymity will be ensured in the write-up by disguising my identity. I also undertake to maintain the confidentiality of the focus group.

I understand that disguised extracts from the focus group (e.g. my name / location won't be used) may be quoted in presentations and publications (e.g. article, book chapter, student thesis, social media publicity of the study's findings, etc.), if I give permission below (please tick one box):
